

# ETIC Railway bridges joints joints de ponts ferroviaires ETIC

## concrete tracks/voies béton

For bridges with tracks installed on concrete, ETIC can propose special expansion joints designed to provide waterproofness, specially in stations areas.

Pour les joints de ponts-rails avec voie posée sur béton, ETIC propose des joints spécialement conçus pour procurer une étanchéité

Taiwan High Speed Rail –  
transversal expansion joint

Taiwan High Speed Rail –  
longitudinal expansion joint
